About Us

The St. John's Landscaping team has been working in private and commercial gardens for more than 35 years and has a breadth of experience in all areas, from design to installation, including maintenance. We are British Association of Landscape Industries (BALI) accredited, giving our customers that added reassurance.

We provide all aspects of landscaping, with no job too small or too large. Get in touch today and we'd be happy to discuss your vision for your outdoor space.

Meet the Team

Ben Gatehouse, Landscape Operations Manager (Left)

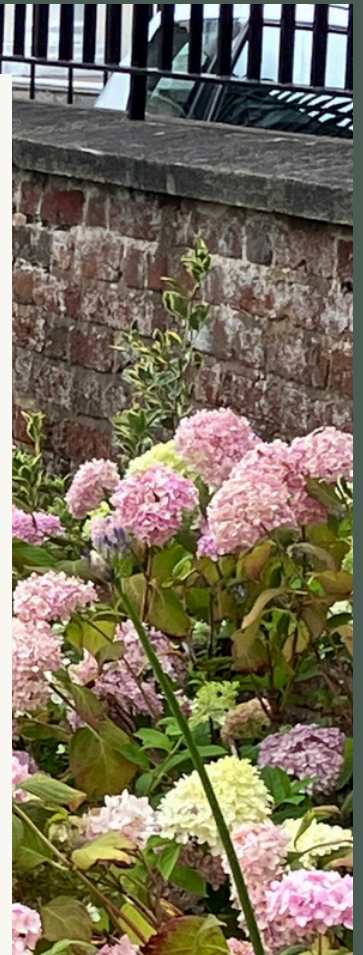

Ben has over a decade of experience working on local landscaping projects, from bespoke shed builds to complete garden redesigns.

"I love the before and after effect. The visible and very real change of a living garden. I'm a firm believer that each garden space is unique and has to work for those that use it. From the plants that grow to where you enjoy your G&T — my eye for detail makes each completed garden a personal experience."

Jack Nash, Landscape Contracts Manager (Right)

Jack's speciality is planting design, with a keen eye for creating beautiful spaces.

"I like to design gardens for people to use and love — making their vision a tangible thing. The garden or outside space is an important extension of any home."

Homes & Private Gardens

Creating outdoor spaces made for living

From full garden transformations to the simple planting of a single tree, we manage the entire process from start to finish.

Our experienced team delivers all aspects of both 'hard' landscaping, such as paving, walling and fencing, and 'soft' landscaping, including planting, turfing and seeding. We create outdoor spaces that are beautiful, practical and crafted to stand the test of time.

Commercial & Public Spaces

Landscaping for businesses, developments and shared environments

Our team works with local and regional developers, specialising in creating impactful show home gardens. With experience delivering commercial and public landscaping projects to tight deadlines, our team offers a dependable, hands-on approach throughout every stage of the project. As members of BALI, we're committed to maintaining the highest standards of workmanship and professionalism.

Get in touch to discuss your requirements.
